

PRE-SUBMITTAL CONFERENCE SCHEDULE

All mixed use developments (MUD and MUDTA), high impact projects (HIP), planned unit developments (PUD), projects containing hazardous materials storage (HAZMAT) (see Title 30.44), neighborhood casinos (NC), and projects within the Asian Design Overlay District (AOD) require a pre-submittal conference and pre-submittal filing package. The following schedules are for the pre-submittal filing and the pre-submittal conferences. The subsequent land application associated with these projects will follow the standard filing schedule, except for non-conforming zone changes. See “NON-CONFORMING ZONE CHANGE BATCHING AND IMPLEMENTATION SCHEDULE”.
